Srotolatore manuale - Istruzioni d'uso

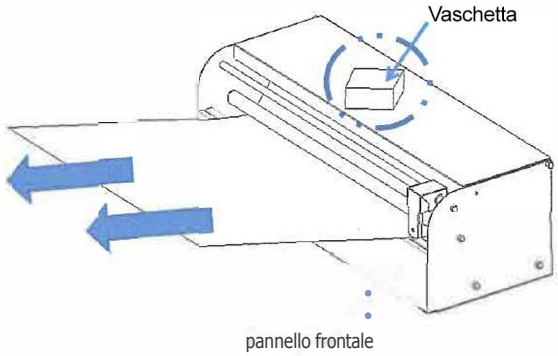

!.Posizionare il rotolo di film all'interno della macchina

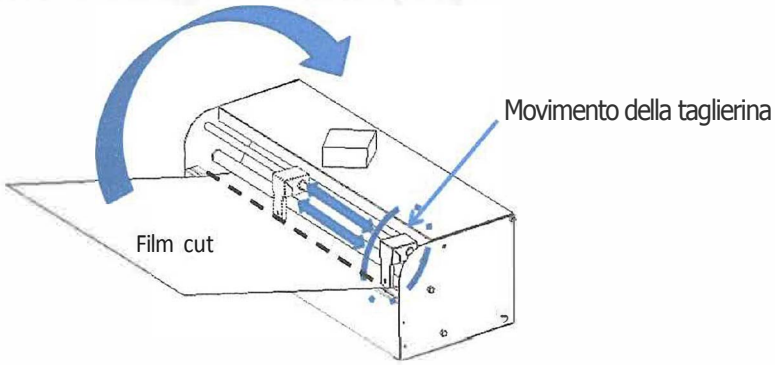

2. Srotolare il film quanto basta per farlo passare nei rulli, come da illustrazione sottostante.

3. Tirare il film quanto basta per l'utilizzo previsto, quindi tagliarlo con la taglierina facendola scorrere da sinistra verso destra

* Come sostituire la taglierina

1 Allentare la vite frontale
2 Sostituire la lama e rimontare il tutto.
